

Halcyon Hills  
Photography

*Senior  
Portrait  
Packages*

Class of 2017

Let us use your special items – musical instruments, sports equipment or hobby items – to create your personalized senior experience.

With our battery-powered studio strobes, we can work indoors or outdoors to create beautiful images with personalized meaning.

## *Halcyon Hills Photography* Senior Model Portraits

At Halcyon Hills Photography, we create exciting portrait collections for high school seniors, capturing images showing who they are and where they're going.

Sessions can be in our studio, at one of our outdoor sites, or at locations with special meaning for the senior. We can provide makeup artists or hair stylists on request. We'll show key interests of each senior with customized sessions in up to three separate locations and up to five outfits.

With our experience in photographing both female and male models, we can help you look your best with the right lighting, the right posing and the right settings.

## *So, here's how it works.*

1. We schedule an **introductory meeting** to get to know each other and let me see the real you. Then we can design a session that covers all your key issues.
2. We talk about outfits, colors, props, locations (plus any required location permits) as well as what types of products you want from the session (prints, albums, files etc.). At this point, a **50% deposit** on the session fee is required.
3. We do the photography. For a multiple-location session, you need to allow **at least 4 hours**. The **remaining session fee** is due at this time.
4. I work up the photos, including retouching, and we meet at the studio to review them on my projection screen so you can **select the images you want**. A 50% deposit on any items ordered is due now.
5. I get your products **printed and deliver them** to you. The remaining balance for printed items is due at this time.

The session fee of **\$425** includes photography for up to **4 hours in up to 3 locations**, with unlimited outfits in that time.

PLUS, you get **ten 72 dpi digital files FREE**. This is the right file size for sharing on Facebook etc.

# Print Products

We're a full-service studio and can provide every print option imaginable, including canvas wraps, metal prints and framing! We have clear pricing for all types of print products, and we'll quote you a firm price at the time of order.

We offer framing and matting, with samples in our gallery room for you to review. We also have framed and matted samples on our gallery room wall, as well as examples of canvas wrap prints. We'll help you pick the right color and style to fit well in your home.

In addition, we offer printed albums, metal prints, prints on metallic paper and canvas stand-out prints. Examples of all of these are in our gallery room.
